SUBJECT: Weekly Activities Report No. 14  
6 - 19 July 1965

## I. SIGNIFICANT ITEMS

None to report.

## II. OTHER ACTIVITIES

25X1A  
25X1C  
1. [REDACTED] completed a 35 page lecture on the USSR for use by the station representative in [REDACTED] before the 25X1A  
[REDACTED] This was submitted to the [REDACTED] on 25X1A  
8 July. To date we have had no reaction from the desk, although  
they had set a 15 July deadline for sending the lecture out to the  
station. Presumably the text was accepted as submitted. *Dispatched*  
9 July 1965 [REDACTED] to the Desk.

25X1A  
2. Although John Keppel, Chief of FSI's Communist Strategy Course, had undoubtedly genuine intentions when he took over of relieving SIC of some of its obligations he has apparently found it difficult to assemble a new stable of lecturers. Our participation has continued at a fairly high level -- an average of six contributions per course -- including [REDACTED] 25X1A

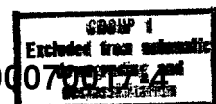

25X1A  
He has also asked for an additional presentation -- on Soviet intelligence activities -- which [REDACTED] 25X1A  
will probably take on. I believe that Keppel has made an honest effort to find other performers, but since he has not succeeded I feel that we should continue to support his effort -- even though the present level represents double that to which we had originally agreed.

25X1A  
3. [REDACTED] has sent to SIC for whatever disposition we wish the package of materials which DDP put together to satisfy the DCI's inquiry about information on Communism being sent to field personnel. While this in no sense can be characterized as a "correspondence course" it nevertheless represents an enormous variety of current coverage which should certainly set the DCI's mind at ease on this particular issue.
